Management Commentary

Commenting on the results, Mr. Chander Agarwal, Managing Director, said:

"I am happy to report an encouraging performance during FY2020 despite a very challenging economic and business environment. Revenue from operations increased marginally to Rs. 1,032 crores, as our business was impacted during March 2020 due to the outbreak of COVID-19. We delivered EBITDA of Rs. 126 crores with stable margins at 12%. Profit after tax of Rs. 89 crores in FY2020 represented an increase of 22% on Y-o-Y basis. Our stable margin profile is attributable to higher capacity utilization, operational efficiency and efficient working capital management. The momentum that we had gained during FY2020 was lost in March 2020 with the unfortunate outbreak of coronavirus. The closure of factories and offices along with the inter-state movement has clearly impacted the transportation and logistics sector. Although the nationwide lockdown brought businesses to a halt and disrupted the economy, we

stand in full support with the decisions taken by the government. During this time, health and safety of fellow Indians is utmost important.

Amidst this pandemic, we have put the well-being of our employees, customers, vendors and all other stakeholders as our top priority. We have been strictly following health and safety guidelines issued by the government. We have implemented various preventive measures such as work from home, promotion of digital communication mediums, sanitization and social distancing at workplace, employee screening at regular intervals and are extending full support to vendor partners.

During the year, TCI Express has added 70 new branches to penetrate deeper in selected geographies. We also held official ground-breaking ceremony for two new sorting centres in Gurgaon and Pune. These new centers are established in line with our strategic objectives of augmenting the Company's growth, achieving higher utilization and delivering higher operational reliability. We are expecting to commence commercial operations from the third quarter of fiscal year FY2021. During FY2020, we have incurred a capex of Rs. 32 crores and our focus remain on increasing automation at our sorting centres to improve turnaround time and overall efficiency.

I am also proud to report that TCI Express has been recognized as a 'Great Place to Work' by Great Place to Work Institute Inc. We are humbled and honored with the achievement. It is a testimony of our strong human resource principles and re-affirm our focus of maintaining a culture that values entrepreneurial spirit, diversity, innovation and teamwork.

The Company is closely monitoring the impact of this pandemic on the economy and business. The actual impact on the business will depend on the severity and course of the COVID-19 in the near term and we shall have a better clarity in the coming days once lockdown is lifted.

I would like to highlight we have recently started collaborating on various projects to deliver health equipment such as ventilators and medicines as part of essential services. The upcoming quarter looks challenging due to the ongoing lockdown. However, our asset light model coupled with a strong balance sheet will not only allow us to navigate through these unprecedented times but also emerge stronger. We are confident that we will remain the preferred partner of choice for offering time definite services to our clients.

Covid -19 | Timeline and Impact

Nation wide lockdown has brought the logistics sector to a halt and disrupted most of transport routes. Only supply of essential commodities is being allowed Both essential and nonessential transport of goods allowed, yet vehicles were halted at various checkpoints, leading to various onground challenges Additional sectors
exempted in non-Covid
hotspots under
supervision of States/
District Administrations
based on compliance to
the existing lockdown
measures

Categorization of regions on basis of containment scale – and upliftment of full and partial restrictions accordingly. Shortage of staff at warehouses and logistics hubs is a major challenge

Phase I : 1 Week (23 Mar- 30 Mar 2020) Phase II: 3 Weeks (30 Mar- 21 Apr 2020) Phase III: 2 Weeks (21 Apr-3 May 2020)

Phase IV: 2 Weeks (3 May- 17 May 2020)

Impact on Domestic Economy:

- Markets rapidly deteriorated after mid-March due to nationwide lockdown
- Economic growth will be disrupted in H1FY20 as Covid 19 affects all sectors and both demand and supply
- GDP growth estimates for fiscal year has been downgraded by multiple agencies
- Restrictions on manufacturing activities and decreased demand hindered logistic sectors' operations and growth
- Reverse migration of labors resulting in manpower shortage will prolong recovery period
- The full impact on economy business will depend on the severity and course of the Covid-19 in the near term

Covid - 19 | Managing the Impact on Business

TCI Express Strengths: An agile and asset light business model, strong balance sheet and diversified clientele across industries will allow us to overcome the near-term challenges and TCI Express will emerge stronger

Cost Structure Optimization

 All cost heads being reviewed, focus on improving productivity and optimizing working capital

Solidarity and Support of Leadership during Crisis

 Managing Director has decided to forego salary for 3 months (no salary cuts for employees)

Balanced and Prudent Cost Control Measures

 Promoting digital communication tools and reducing field operations footprint

Judicious Cash Utilization

 Evaluating Capex requirements and focusing on areas which are critical for future growth

Restructuring Operations

 Collaborating on Government projects to deliver health equipment's like ventilators and medicines

^{2.} All Margins calculated on Total Income

FY2020 Performance Discussion

- Total Income growth of 0.9 % y-o-y attributable to increase in new customers from SME Segment and adversely impacted by nation-wide lockdown at end of March 2020
- EBITDA Margins increased 23 bps, from 11.9% in FY2019 to 12.1% in FY2020 primarily due to:
 - Operational efficiencies increase in capacity in select existing vehicles which has resulted in a higher capacity utilization
 - Effective cost control measures
 - o Impacted by challenging and subdued economic environment
- Capex of Rs. 32 Cr incurred during FY2020 on expansion of sorting centres and IT infrastructure
- Construction of new sorting centres at Gurgaon and Pune was affected by lockdown and we expect both of our new sorting centres to commence commercial operations from third quarter of fiscal year FY21
- 70 new branches were added during FY2020 in the metro cities to deepen TCI Express presence, as a part of our core strategy

Leverage Profile
